Resume Overview –

The purpose of this resume is to highlight some of the unique skills I can potentially bring to a variety of job roles. My primary skillset is centered around creative design, and smooth implementation of projects, from conceptualization to finished product. As I transition away from my previous construction career, by way of higher education, I seek to imbue my future creative endeavors with the sensibility and efficiency of my workforce experience. I am currently learning as much as I can about oil painting, and it has become my favorite artistic medium.

Education

Fort Lewis College, Durango, CO
Bachelors of Studio Art

September 2024 – May 2026
GPA: 3.96

Pueblo Community College, Pueblo, CO
Associate of Arts

December - 2023
GPA: 3.46

Skills

Small business management skills, customer service, community engagement, general construction expertise, stone polishing, tile setting, landscaping, landscape design, fabrication shop skills, fundamental design principles, oil and acrylic painting, printmaking, Photoshop, PowerPoint, Word, networking, time management, and various other work that makes me an ideal candidate for many job roles.

Professional Experience

Construction by Design -
Skilled Laborer

Durango, Colorado
2014 – 2019, 2022

- Tasked with a variety of construction projects, augmenting my growing skillset in construction. This well-established company provided me with the challenges and

responsibilities of on-site management and labor, in a variety of renovations, and new construction projects.

- Became proficient in modern construction techniques.
- Further developed customer service skills, and gained experience in nearly all areas of construction.
- Maintained a good working relationship with my employer, and coworkers, resulting in a greater ability to adapt to different work environments.

Jake's Handyman Services -
Independent Contractor

Bayfield, Colorado
2002 – 2014

- Performed a variety of construction, and maintenance tasks in my local community, striving for a high standard of craftsmanship, and customer service.
- Experienced a variety of work opportunities, including demo, renovation, and new construction.
- Developed a disciplined approach to manage my workload, and maintain good good customer relations, with courtesy and communication as a main focus.

Activities

Pine River Shares
Volunteer

Bayfield, Colorado
August, 2023–Present

Pine River Shares is a community based food share program, with an expanding donation base, and volunteer staff, located in Bayfield, Colorado. Its primary goal is to connect those with food needs, to fresh produce, and pantry donations.

- Volunteer experience includes operating heavy machinery, and farm equipment, planting and harvesting produce, and working with the local community, in the spirit of helping one another.
